

Safety Data Sheet

Section 1: Identification

Trade Name and Synonyms: Cherry Lip Balm Flavor
Company: Soapgoods Inc
Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093
Phone: (404) 924-9080
E-Mail: wecare@soapgoods.com
Emergency Phone: Chemtrec: 1-800-424-9300
Recommended Use: Personal Care

Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	N/A	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	N/A	N/A	N/A

Most blends have a maximum suggested shelf life of 6 months if stored strictly according to specifications. Citrus products have a 3 month shelf life because of the increase tendency to oxidize with age. The manufacturer does not anticipate any harmful effects from this product providing good manufacturing practices are followed.

Section 3: Hazard(s) Identification

Routes of Entry: Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

Skin: May cause mild eczema or allergic erythema if safety precautions are not followed.

Eye: Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

Inhalation: Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

Ingestion: Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

Chronic Health Hazards:

Skin: May result in moderate edema, erythema and possible allergic dermatitis.

Eye: Increase the risk of corneal and conjunctive injury.

Inhalation: Increase the risk of possible lung/mucous membrane irritation.

Ingestion: Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur.

Signs and Symptoms of Exposure: Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

Medical Conditions Aggravated by Exposure: None known.

EU Classification: (1999/45/EC): Xi- Irritant

EU Risk / Safety Phrase: R36/37/38, S26, S28

Canadian WHMIS Classification: CLASS: n/a THIS PRODUCT OR ALL COMPONENTS OF THIS PRODUCT ARE LISTED ON THE U.S. TSCA INVENTORY AND CANADIAN D.S.L.

Section 4: First-Aid Measures

Eye Contact: Contact with eyes can produce burning sensation. Irrigate with water immediately, continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

Inhalation: Remove to fresh air.

Ingestion: Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce vomiting. Never-give anything by mouth if victim is unconscious, is rapidly losing or is convulsing.

Skin Contact: Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.

Section 5: Fire-Fighting Measures

Flash Point: >93°C [Closed Cup]

Extinguishing media: Carbon Dioxide, dry chemical or foam. "DO NOT USE" direct water jet on burning material.

Special Procedures: Determine the need to evacuate or isolate the area according to your local emergency plan.

Unusual Firefighting Hazards: None identified.

Protective Equipment: Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving any oils or chemicals.

Combustion Product: Carbon Monoxide, Carbon Dioxide

Section 6: Accidental Release Measures

Personal Precautions: Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8.

Safety Precautions: Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

Environmental Precautions: Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required.

Methods For Cleaning Up: Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

Section 7: Handling and Storage

Handling: Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

Storage: Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep from extreme heat and from freezing conditions and away from all sources of ignition.

Section 8: Exposure Controls/Personal Protection

Eyes Protection: The use of safety glasses is recommended in industrial applications. If a material is to be

handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

Respiratory Protection: In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

Protective Gloves: Using chemical resistant gloves is recommended for industrial use.

Protective Clothing: Using chemical resistant clothing is recommended.

Protective Equipment: An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

Section 9: Physical and Chemical Properties

Appearance: Clear liquid

Odor: Characteristic aroma

Specific Gravity: 1.017 ± 0.025 @ 20°C

Refractive Index: 1.501 ± 0.025 @ 20°C

Solubility: Insoluble in water

pH: Not Available

Melting Point: Not Available

Boiling Point: Not Available

Vapor Pressure: Not Available

Vapor Density (air= 1): >1

Section 10: Stability and Reactivity

Stability: Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

Conditions to Avoid: Avoid sparks, flame and excessive heat.

Materials to Avoid: Strong oxidizing agents and acids.

Flammability: Combustible liquid.

Hazardous Polymerization: Will not occur.

Hazardous Combustion or Decomposition Products: None known.

Section 11: Toxicological Information

Inhalation: Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

Skin Contact: May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

Eye Contact: May irritate eyes.

Ingestion: Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea. Medical Conditions Aggravated by Exposure: May aggravate dermatitis, psoriasis and other skin conditions.

Chronic Toxicity: No known sensitizers are used.

Carcinogenicity Data: None of the components of this material are listed as a carcinogen.

Reproductive Toxicity: No adverse effects on reproduction are known.

Acute Toxicity Values: Not Known

Section 12: Ecological Information

The ecological effects of this product have not been evaluated.

Section 13: Disposal Considerations

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

Section 14: Transport Information

US DOT Shipping Description: Not available.

IATA Shipping (Air): Not available.

IMDG Shipping Description: Not available.

Section 15: Regulatory Information

WHMIS (Canada): Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

HMIS (USA): Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

Section 16: Other Information

Disclaimer
