

## Safety Data Sheet

### Section 1: Identification

Trade Name: Frankincense Granules

Synonyms: Gum Olibanum, Indian Olibanum

Company: Soapgoods Inc

Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093

Phone: (404) 924-9080

E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)

Emergency Phone: Chemtrec 1 800 424 9300

CAS #: 97952-72-2

EINECS #: 308-366-6

### Section 2: Hazard(s) Identification

Medical Information: N/A

### Section 3: Composition/Information on Ingredients

Chemical Name	CAS No	% Content	EINECS No
Gum, resin	97952-72-2	308-366-6	

### Section 4: First-Aid Measures

Eye Contact: Irrigate with water immediately; continue flushing eyes with water for 15 minutes, occasionally lifting upper and lower lids until no further evidence of chemical remains. Seek medical attention if irritation occurs.

Inhalation: If breathing becomes difficult, remove to fresh air and seek medical attention.

Ingestion: Once the person is conscious rinse their mouth with water.

Skin Contact: In case of skin contact remove contaminated clothing and shoes, wash with soap and plenty of water. Seek medical attention if irritation persists.

### Section 5: Fire-Fighting Measures

Flash Point: Not available.

Fire and Explosion Hazard: Slight fire hazard. Dust/ air mixture may ignite or explode.

Extinguishing media: Carbon Dioxide, dry chemical or appropriate foam. Closed containers may build up pressure at elevated temperature

Special Procedures: Determine the need to evacuate or isolate the area according to your local emergency plan.

Unusual Firefighting Hazards: This material like most materials in powder form is capable of creating a dust explosion.

Protective Equipment: Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving essential oils or chemicals.

Lower explosion limit: 50g/m<sup>3</sup>

## **Section 6: Accidental Release Measures**

Personal Precautions: Use of self-contained breathing apparatus is recommended for any major chemical spill.

Safety Precautions: Eliminate all ignition sources. Ventilate area. Avoid raising dust.

Determine the need to evacuate or isolate the area according to your local emergency plan.

Environmental Precautions: Keep away from drains, surface and ground water. Report spills to appropriate authorities if required.

Methods For Cleaning Up: Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

## **Section 7: Handling and Storage**

Handling: Avoid vapour inhalation. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

Storage: Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep away from extreme heat and away from all sources of ignition. Store in an area where humidity does not exceed 70% in a 24 hour period. To prevent absorption of foreign odors, do not store near perfumed products, soaps or detergent.

## **Section 8: Exposure Controls/Personal Protection**

Eyes Protection: The use of safety glasses is recommended. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

Respiratory Protection: In well-ventilated areas, respiratory protection is not normally

required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

Protective Gloves: Use of chemical resistant gloves is recommended.

Protective Clothing: Use of chemical resistant clothing is recommended.

Protective Equipment: An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## **Section 9: Physical and Chemical Properties**

Appearance: Light green to brownish yellow solid granules.

Odor: Typical gum odor. (Odor released when burnt)

## **Section 10: Stability and Reactivity**

Stability: Chemically stable under ordinary conditions of use and storage.

Conditions to Avoid: Avoid sparks, flame and excessive heat.

Materials to Avoid: Oxidizing materials.

Hazardous Polymerization: No information found.

Hazardous Decomposition Products: Oxides of carbon formed.

## **Section 11: Toxicological Information**

Data not available.

## **Section 12: Ecological Information**

Avoid any pollution of ground, surface or underground water.

## **Section 13: Disposal Considerations**

Dispose of in accordance with local, provincial and federal regulations. Check with disposal expert to ensure compliance.

## **Section 14: Transport Information**

US DOT Shipping Description: Not regulated

IATA Shipping (Air): Not restricted.

IMDG Shipping Description: Not restricted.

## **Section 15: Regulatory Information**

WHMIS (Canada): Check appropriate authority

NFPA Ratings: Health = 1 Fire = 1 Reactivity = 0

European/International Regulations

European Labeling in Accordance with EC Directives

Hazard Symbols: N/A Risk Phrases: N/A Safety Phrases: N/A

## **Section 16: Other Information**

### Disclaimer
