**Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving oils or chemicals.

### Section 6: Accidental Release Measures

**Safety Precautions:** This product decomposes biologically. No particular measures are needed therefore, nor any precautions in case of accidental spilling. Whenever a product is spilled, however it is advisable to absorb it with sand, or wood dust to avoid hazardous slipperiness.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

## **Section 7: Handling and Storage**

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep away from extreme heat and from freezing conditions and away from all sources of ignition. Make sure the material does not come into contact with substances listed as: "Materials to Avoid". For best warehousing we recommend a temp of 15 to 25°C. Limit oxygenation (air contact). Keep in original containers or plastic-coated containers

## **Section 8: Exposure Controls/Personal Protection**

**Eyes Protection:** The use of safety glasses is recommended. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended

**Note:** These precautions are for room temperature handling. Use at elevated temperature or aerosol / spray applications may require additional precautions

## **Section 9: Physical and Chemical Properties**

**Appearance:** Deep Green

**Odor:** Low characteristic scent

**Solubility:** Soluble in Vegetable Oils

## **Section 10: Stability and Reactivity**

**Stability:** Product is Stable under normal circumstances. Just avoid high temperature in warehouse. Product does not decompose under normal conditions

## **Section 11: Toxicological Information**

**Inhalation:** Not applicable

**Skin Contact:** Not applicable

**Eye Contact:** May irritate eyes.

**Ingestion:** Not applicable

**Chronic Toxicity:** Not applicable

**Carcinogenicity Data:** Not applicable

**Reproductive Toxicity:** Not applicable

## **Section 12: Ecological Information**

To be used under normal, good working procedures, avoid spillage in the environment. When ever possible recover spilled product. When product must be discarded, do so into an authorized dump or recycling service station. act in accordance with local & national regulations

## **Section 13: Disposal Considerations**

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with

disposal expert to insure compliance

#### **Section 14: Transport Information**

**Identification:** Grapeseed Oil

#### **Section 15: Regulatory Information**

**HMIS (USA):** No Information

#### **Section 16: Other Information**
