

## Safety Data Sheet

### Section 1: Identification

Trade Name and Synonyms: Strawberry Lip Balm Flavor Oil  
Company: Soapgoods Inc  
Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093  
Phone: (404) 924-9080  
E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)  
Emergency Phone: Chemtrec: 1-800-424-9300  
Recommended Use: Personal Care

### Section 2: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

**Skin:** May cause mild eczema or allergic erythema if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythema and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur. Signs and Symptoms of Exposure: Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

**EU Classification:** (1999/45/EC): Xi- Irritant EU Risk / Safety Phrase:

**R36/37/38,**

**S26,**

**S28**

**Canadian WHMIS Classification:**

**CLASS:** n/a

THIS PRODUCT OR ALL COMPONENTS OF THIS PRODUCT ARE LISTED ON THE U.S. TSCA INVENTORY AND CANADIAN D.S.L.

## Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	10-20	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	1-5	N/A	N/A

Most blends have a maximum suggested shelf life of 6 months if stored strictly according to specifications. Citrus products have a 3 month shelf life because of the increase tendency to oxidize with age. The manufacturer does not anticipate any harmful effects from this product providing good manufacturing practices are followed.

## Section 4: First-Aid Measures

**Eye Contact:** Contact with eyes can produce burning sensation. Irrigate with water immediately, continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air.

**Ingestion:** Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce vomiting. Never-give anything by mouth if victim is unconscious, is rapidly losing or is convulsing.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.

## Section 5: Fire-Fighting Measures

**Flash Point:** >93°C [Closed Cup]

**Extinguishing media:** Carbon Dioxide, dry chemical or foam. DO NOT USE; direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving any oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

## Section 6: Accidental Release Measures

**Personal Precautions:** Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8.

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to

appropriate Authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

## Section 7: Handling and Storage

**Handling:** Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep from extreme heat and from freezing conditions and away from all sources of ignition.

## Section 8: Exposure Controls/Personal Protection

**Eyes Protection:** The use of safety glasses is recommended in industrial applications. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

**Respiratory Protection:** In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid, Pale to Light Amber Yellow Color

**Odor:** Characteristic aroma

**Specific Gravity:**  $1.075 \pm 0.025 @ 20^{\circ}\text{C}$

**Refractive Index:**  $1.520 \pm 0.025 @ 20^{\circ}\text{C}$

**Solubility:** Insoluble in water

**pH:** Not Available

**Melting Point:** Not Available

**Boiling Point:** Not Available

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** >1

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur. Hazardous Combustion or None known.

**Decomposition Products:**

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Medical Conditions Aggravated by Exposure:** May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** Not Known

## Section 12: Ecological Information

The ecological effects of this product have not been evaluated.

## Section 13: Disposal Considerations

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## Section 14: Transport Information

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## Section 15: Regulatory Information

**WHMIS (Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

## Section 16: Other Information

### Disclaimer

Soapgoods it's affiliates and any other officers, directors or employees, agents, third-party content providers, merchants, sponsors, licensors or the like (now referred to as Soapgoods) cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge, and experience currently available. You expressly agree that your use of this MSDS is at your sole risk. Soapgoods expressly disclaims all express or implied warranties or merchantability and fitness for a particular purpose, with respect to the product or information provided herein, and shall under no circumstances be liable for incidental or consequential damages.

Do not use the ingredient information and/or ingredient percentages in this MSDS as a product specification. For product specification information refer to a product specification sheet and/or a certificate of analysis.

All information appearing herein is based upon the data obtained from the manufacturer and/or recognized technical sources. While the information is believed to be accurate, Soapgoods makes no representations as to its accuracy or sufficiency. Conditions of use are beyond Soapgoods control and therefore users are responsible to verify this data under their own operating conditions to determine whether the product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance upon, information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.

Review Date: December 2015

## Safety Data Sheet

### Section 1: Identification

Trade Name and Synonyms: Almond Lip Balm Flavor  
Company: Soapgoods Inc  
Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093  
Phone: (404) 924-9080  
E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)  
Emergency Phone: Chemtrec: 1-800-424-9300  
Recommended Use: Personal Care

### Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Aldehydes	N/A	N/A	30 - 40	N/A	N/A

### Section 3: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

**Skin:** May cause mild eczema or allergic erythema if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythematic and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur. Signs and Symptoms of Exposure: Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

#### **Section 4: First-Aid Measures**

**Eye Contact:** Contact with eyes can produce burning sensation. Irrigate with water immediately, continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air. Give oxygen if breathing is labored and seek medical advice. Avoid casual breathing. Signs of over exposure are dizziness and nausea.

**Ingestion:** Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce vomiting. Never-give anything by mouth if victim is unconscious, is rapidly losing or is convulsing.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists

#### **Section 5: Fire-Fighting Measures**

**Flammable Limits:** This item is not combustible under

**WHMIS** regulations but store sealed and away from all heat and ignition sources. Extinguishing media: Carbon Dioxide, dry chemical or foam. &quote;DO NOT USE&quote; direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

#### **Section 6: Accidental Release Measures**

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to Evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation.

#### **Section 7: Handling and Storage**

**Handling:** Avoid inhalation and contact with skin and eyes. Contaminated clothing and shoes should be cleaned before re-use

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light.

## Section 8: Exposure Controls/Personal Protection

**Eyes Protection:** The use of safety glasses is recommended in industrial applications. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

**Respiratory Protection:** In well-ventilated areas, respiratory protection is not normally required. In confined,

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid

**Odor:** Characteristic aroma

**Specific Gravity:** 1.069 — 1.119 @ 25°C

**Refractive Index:** 1.523 — 1.573 @ 20°C

**Solubility:** Insoluble in water

**pH:** Not Available

**Flash Point:** >93°C [Closed Cup]

**Melting Point:** Not Available

**Boiling Point:** Not Available

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** >1

**Volatile %(by volume):** Less than 10%

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur. Hazardous Combustion or None known.

**Decomposition Products:**

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Accute ingestion could result in abdominal pain, nausea, vomiting and diarrhea. Medical Conditions Aggravated by Exposure: May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** LD50 (rat oral) greater than 2.5 g/kg LD50(rat inhalation) greater than 3000 ppm.

## Section 12: Ecological Information

The ecological effects of this product have not been evaluated.

## Section 13: Disposal Considerations

Incineration or sealed containers in sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## Section 14: Transport Information

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## Section 15: Regulatory Information

**WHMIS(Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

**Act (TSCA):** All components are listed on TSCA Inventory or exempted from TSCA.

**EU Labeling:** Xi Irritant

**R36/37/38** Irritating to respiratory system, eyes, and skin.

**R43** May cause sensitization by skin contact.

**S24** Avoid contact with skin.

**S26** In case of contact with eyes, rinse immediately with water and seek medical advice

**S28** After contact with skin, wash immediately with plenty of soap and water.

**HMIS Rating:** Health: 0

**Flammability:** 1

**Reactivity:** 0

## Section 16: Other Information

## Safety Data Sheet

### Section 1: Identification

Trade Name and Synonyms: Butterscotch Lip Balm Flavor Oil  
Company: Soapgoods Inc  
Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093  
Phone: (404) 924-9080  
E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)  
Emergency Phone: Chemtrec: 1-800-424-9300  
Recommended Use: Personal Care

### Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	N/A	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	N/A	N/A	N/A

Most blends have a maximum suggested shelf life of 12 months if stored strictly according to specifications. Citrus products have a 6 month shelf life because of the increase tendency to oxidize with age. The manufacturer does not anticipate any harmful effects from this product providing good manufacturing practices are followed.

### Section 3: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

**Skin:** May cause mild eczema or allergic erythema if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are

expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythematic and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur. Signs and Symptoms of Exposure: Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

#### **Section 4: First-Aid Measures**

**Eye Contact:** Contact with eyes can produce burning sensation. Flush with water immediately for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air.

**Ingestion:** Rinse mouth with water and consult a physician immediately.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.

#### **Section 5: Fire-Fighting Measures**

**Flammable Limits:** This item is not combustible under

**WHMIS** regulations but store sealed and away from all heat and ignition sources. Extinguishing media: Carbon Dioxide, dry chemical or foam. DO NOT USE direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

#### **Section 6: Accidental Release Measures**

Personal Precautions: Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8.

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

#### **Section 7: Handling and Storage**

**Handling:** Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light.

## Section 8: Exposure Controls/Personal Protection

**Eyes Protection:** The use of safety glasses is recommended in industrial applications. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

**Respiratory Protection:** In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid, light to amber yellow Odor/Taste Characteristic butter scotch taste and aroma

**Specific Gravity:** 1.070 — 1.120 @ 25°C

**Refractive Index:** 1.511 — 1.561 @ 20°C

**Solubility:** Insoluble in water

**pH:** Not Available

**Flash Point:** >93°C [Closed Cup]

**Melting Point:** Not Available

**Boiling Point:** >1

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** >1

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur. Hazardous Combustion or None known.

**Decomposition Products:**

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Accute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Medical Conditions Aggravated by Exposure:** May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** LD50 (rat oral) greater than 2.5 g/kg  
LD50(rat inhalation) greater than 3000 ppm.

## **Section 12: Ecological Information**

The ecological effects of this product have not been evaluated.

## **Section 13: Disposal Considerations**

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## **Section 14: Transport Information**

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## **Section 15: Regulatory Information**

**WHMIS (Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

**EPA Toxic Substance Control Act (TSCA):** All components are listed on TSCA Inventory or exempted from TSCA.

**SARA 302/ SARA 313:** None

**California Proposition 65:** This product does not contain chemical listed per the Safe Drinking Water and Enforcement Act of 1986.

**EU Labeling:** Xi Irritant

## **Section 16: Other Information**

### Disclaimer

Soapgoods it's affiliates and any other officers, directors or employees, agents, third-party content providers, merchants, sponsors, licensors or the like (now referred to as Soapgoods) cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge, and experience currently available. You expressly agree that your use of this MSDS is at your sole risk. Soapgoods expressly disclaims all express or implied warranties or merchantability and fitness for a particular purpose, with respect to the product or information provided herein, and shall under no circumstances be liable for incidental or consequential damages.

Do not use the ingredient information and/or ingredient percentages in this MSDS as a product specification. For product specification information refer to a product specification sheet and/or a certificate of analysis.

All information appearing herein is based upon the data obtained from the manufacturer and/or recognized technical sources. While the information is believed to be accurate, Soapgoods makes no representations as to its accuracy or sufficiency. Conditions of use are beyond Soapgoods control and therefore users are

responsible to verify this data under their own operating conditions to determine whether the product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance upon, information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.

Review Date: December 2015

## Safety Data Sheet

### Section 1: Identification

Trade Name and Synonyms: Cherry Lip Balm Flavor

Company: Soapgoods Inc

Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093

Phone: (404) 924-9080

E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)

Emergency Phone: Chemtrec: 1-800-424-9300

Recommended Use: Personal Care

### Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	N/A	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	N/A	N/A	N/A

Most blends have a maximum suggested shelf life of 6 months if stored strictly according to specifications. Citrus products have a 3 month shelf life because of the increase tendency to oxidize with age. The manufacturer does not anticipate any harmful effects from this product providing good manufacturing practices are followed.

### Section 3: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

**Skin:** May cause mild eczema or allergic erythema if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythema and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur.

**Signs and Symptoms of Exposure:** Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

**EU Classification:** (1999/45/EC): Xi- Irritant

**EU Risk / Safety Phrase:** R36/37/38, S26, S28

**Canadian WHMIS Classification:** CLASS: n/a THIS PRODUCT OR ALL COMPONENTS OF THIS PRODUCT ARE LISTED ON THE U.S. TSCA INVENTORY AND CANADIAN D.S.L.

#### Section 4: First-Aid Measures

**Eye Contact:** Contact with eyes can produce burning sensation. Irrigate with water immediately, continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air.

**Ingestion:** Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce vomiting. Never-give anything by mouth if victim is unconscious, is rapidly losing or is convulsing.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.

#### Section 5: Fire-Fighting Measures

**Flash Point:** >93°C [Closed Cup]

**Extinguishing media:** Carbon Dioxide, dry chemical or foam. &quote;DO NOT USE&quote; direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving any oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

#### Section 6: Accidental Release Measures

Personal Precautions: Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8.

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

## Section 7: Handling and Storage

**Handling:** Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep from extreme heat and from freezing conditions and away from all sources of ignition.

## Section 8: Exposure Controls/Personal Protection

**Eyes Protection:** The use of safety glasses is recommended in industrial applications. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

**Respiratory Protection:** In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid

**Odor:** Characteristic aroma

**Specific Gravity:** 1.017 ± 0.025 @ 20°C

**Refractive Index:** 1.501 ± 0.025 @ 20°C

**Solubility:** Insoluble in water

**pH:** Not Available

**Melting Point:** Not Available

**Boiling Point:** Not Available

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** >1

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur.

**Hazardous Combustion or Decomposition Products:** None known.

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea. Medical Conditions Aggravated by Exposure: May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** Not Known

## **Section 12: Ecological Information**

The ecological effects of this product have not been evaluated.

## **Section 13: Disposal Considerations**

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## **Section 14: Transport Information**

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## **Section 15: Regulatory Information**

**WHMIS (Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

## **Section 16: Other Information**

Phone: (404) 924-9080

E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)

Emergency Phone: Chemtrec: 1-800-424-9300

Recommended Use: Personal Care

### Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	N/A	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	N/A	N/A	N/A

### Section 3: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

**Skin:** May cause mild eczema or allergic erythema if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Accute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythema and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur.

**Signs and Symptoms of Exposure:** Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

#### **Section 4: First-Aid Measures**

**Eye Contact:** Contact with eyes can produce burning sensation. Irrigate with water immediately, continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air.

**Ingestion:** Rinse mouth with water and consult a physician immediately. Do not induce vomiting. Never give anything by mouth if victim is unconscious, is rapidly-losing or is convulsing.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.

#### **Section 5: Fire-Fighting Measures**

**Flammable Limits:** This item is not combustible under

**WHMIS** regulations but store sealed and away from all heat and ignition sources. Extinguishing media: Carbon Dioxide, dry chemical or foam. DO NOT USE direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving essential oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

#### **Section 6: Accidental Release Measures**

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

#### **Section 7: Handling and Storage**

**Handling:** Avoid inhalation and contact with skin and eyes. Contaminated clothing and shoes should be cleaned before re-use.

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep from extreme heat and from freezing conditions and away from all sources of ignition.

#### **Section 8: Exposure Controls/Personal Protection**

**Eyes Protection:** The use of safety glasses is recommended in industrial applications.

**Respiratory Protection:** In well- ventilated areas, respiratory protection is not normally required.

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid

**Odor:** Characteristic aroma

**Specific Gravity:** 1.099 ± 0.025 @ 20°C

**Refractive Index:** 1.564 ± 0.025 @ 20°C

**Solubility:** Insoluble in water

**pH:** Not Available

**Flash Point:** >93°C [Closed Cup]

**Melting Point:** Not Available

**Boiling Point:** Not Available

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** >1

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur.

**Hazardous Combustion or Decomposition Products:** None known.

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Accute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Medical Conditions Aggravated by Exposure:** May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** N/A

## Section 12: Ecological Information

The ecological effects of this product have not been evaluated.

## Section 13: Disposal Considerations

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## Section 14: Transport Information

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## Section 15: Regulatory Information

**WHMIS (Canada): Class B3** — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0 EPA Toxic Substance Control

**Act (TSCA):** All components are listed on TSCA Inventory or exempted from TSCA.

**SARA 302/ SARA 313:** None

**California Proposition 65:** This product does not contain chemical listed per the Safe Drinking Water and Enforcement Act of 1986.

**EU Labeling:** Xi Irritant, R36/37/38 Irritating to respiratory system, eyes, and skin. R43 May cause sensitization by skin contact. S24 Avoid contact with skin. S26 In case of contact with eyes, rinse immediately with water and seek medical advice, S28 After contact with skin, wash immediately with plenty of soap and water.

**HMIS Rating:** Health: 0

**Flammability:** 1

**Reactivity:** 0

Conditions of use are beyond Soapgoods control and therefore users are responsible to verify this data under their own operating conditions to determine whether the product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance upon, information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.

Review Date: December 2015

## Safety Data Sheet

### Section 1: Identification

Trade Name and Synonyms: Coconut Lip Balm Flavor Oil  
Company: Soapgoods Inc  
Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093  
Phone: (404) 924-9080  
E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)  
Emergency Phone: Chemtrec: 1-800-424-9300  
Recommended Use: Personal Care

### Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	10-20	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	1-5	N/A	N/A

### Section 3: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

**Skin:** May cause mild eczema or allergic erythematic if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythematic and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur.

**Signs and Symptoms of Exposure:** Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

### Section 4: First-Aid Measures

**Eye Contact:** Contact with eyes can produce burning sensation. Irrigate with water immediately, continue Flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air. Give oxygen if breathing is labored and seek medical advice. Avoid

Casual breathing. Signs of over exposure are dizziness and nausea.

**Ingestion:** Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce Vomiting. Never-give anything by mouth if victim is unconscious, is rapidly-losing or is Convulsing.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.

## Section 5: Fire-Fighting Measures

**Flammable Limits:** This item is not combustible under

**WHMIS** regulations but store sealed and away from all heat and ignition sources.

**Extinguishing media:** Carbon Dioxide, dry chemical or foam. DO NOT use direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local Emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving essential oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

## Section 6: Accidental Release Measures

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to Appropriate Authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable Container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

## Section 7: Handling and Storage

**Handling:** Avoid inhalation and contact with skin and eyes. Contaminated clothing and shoes should be cleaned before re-use.

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep from extreme heat and from freezing conditions and away from all sources of ignition.

## Section 8: Exposure Controls/Personal Protection

**Eyes Protection:** The use of safety glasses is recommended in industrial applications.

**Respiratory Protection:** In well- ventilated areas, respiratory protection is not normally required.

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid, light to amber yellow Odor/Taste Characteristic Coconut taste and aroma

**Specific Gravity:** 1.089 ± 0.025 @ 25°C

**Refractive Index:** 1.548 ± 0.025 @ 20°C

**Solubility:** Insoluble in water  
**pH:** Not Available  
**Flash Point:** >93°C [Closed Cup]  
**Melting Point:** Not Available  
**Boiling Point:** Not Available  
**Vapor Pressure:** Not Available  
**Vapor Density (air= 1):** Not Available

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur.

**Hazardous Combustion or Decomposition Products:** None known.

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Medical Conditions Aggravated by Exposure:** May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** LD50 (rat oral) greater than 2.5 g/kg LD50 (rat inhalation) greater than 3000 ppm.

## Section 12: Ecological Information

The ecological effects of this product have not been evaluated.

## Section 13: Disposal Considerations

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## Section 14: Transport Information

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## Section 15: Regulatory Information

**WHMIS (Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

**Act (TSCA):** All components are listed on TSCA Inventory or exempted from TSCA. and Enforcement Act of 1986.

**EU Labeling:** Xi Irritant R36/37/38, Irritating to respiratory system, eyes, and skin. R43 May cause sensitization by skin contact. S24 Avoid contact with skin. S26 In case of contact with eyes, rinse immediately with water and seek medical advice S28 After contact with skin, wash immediately with plenty of soap and water.

**HMIS Rating:** Health: 0

**Flammability:** 1

**Reactivity:** 0

## Section 16: Other Information

### Disclaimer

Soapgoods it's affiliates and any other officers, directors or employees, agents, third-party content providers, merchants, sponsors, licensors or the like (now referred to as Soapgoods) cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge, and experience currently available. You expressly agree that your use of this MSDS is at your sole risk. Soapgoods expressly disclaims all express or implied warranties or merchantability and fitness for a particular purpose, with respect to the product or information provided herein, and shall under no circumstances be liable for incidental or consequential damages.

Do not use the ingredient information and/or ingredient percentages in this MSDS as a product specification. For product specification information refer to a product specification sheet and/or a certificate of analysis.

All information appearing herein is based upon the data obtained from the manufacturer and/or recognized technical sources. While the information is believed to be accurate, Soapgoods makes no representations as to its accuracy or sufficiency. Conditions of use are beyond Soapgoods control and therefore users are responsible to verify this data under their own operating conditions to determine whether the product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance upon, information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.

Review Date: December 2015

Safety Data Sheet

## Section 1: Identification

Trade Name and Synonyms: Coffee Lip Balm Flavour Oil

Company: Soapgoods Inc

Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093

Phone: (404) 924-9080

E-Mail: wecare@soapgoods.com

Emergency Phone: Chemtrec: 1-800-424-9300

Recommended Use: Personal Care

## Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	10-20	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	1-5	N/A	N/A

Most blends have a maximum suggested shelf life of 12 months if stored strictly according to specifications. Citrus products have a 6 month shelf life because of the increase tendency to oxidize with age. The manufacturer does not anticipate any harmful effects from this product providing good manufacturing practices are followed.

## Section 3: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion Acute Health Hazards

**Skin:** May cause mild eczema or allergic erythema if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythematic and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur. Signs and Symptoms of Exposure: Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

## Section 4: First-Aid Measures

**Eye Contact:** Contact with eyes can produce burning sensation. Flush with water immediately for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air.

**Ingestion:** Rinse mouth with water and consult a physician immediately.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing.

Wash with soap and plenty of water. Seek medical attention if irritation persists.

## Section 5: Fire-Fighting Measures

**Flammable Limits:** This item is not combustible under

**WHMIS regulations** but store sealed and away from all heat and ignition sources. Extinguishing media: Carbon Dioxide, dry chemical or foam. DO NOT USE direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

## Section 6: Accidental Release Measures

**Personal Precautions:** Use of self-contained breathing apparatus is recommended for any major chemical spill. Refer also to section 8.

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to appropriate Authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

## Section 7: Handling and Storage

**Handling:** Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used. Wash after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before re-use.

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light.

## Section 8: Exposure Controls/Personal Protection

**Eyes Protection:** The use of safety glasses is recommended in industrial applications. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended.

**Respiratory Protection:** In well-ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid

**Odor:** Characteristic aroma

**Specific Gravity:** 1.000 — 2.000 @ 25°C

**Refractive Index:** 1.369 — 1.569 @ 20°C

**Solubility:** Insoluble in water

**pH:** Not Available

**Flash Point:** >93°C [Closed Cup]

**Melting Point:** Not Available

**Boiling Point:** Not Available

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** >1

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur. Hazardous Combustion or None known.

**Decomposition Products:**

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Accute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Medical Conditions Aggravated by Exposure:** May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** LD50 (rat oral) greater than 2.5 g/kg LD50(rat inhalation) greater than 3000 ppm.

## Section 12: Ecological Information

The ecological effects of this product have not been evaluated.

## Section 13: Disposal Considerations

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## Section 14: Transport Information

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## Section 15: Regulatory Information

**WHMIS (Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0 EPA Toxic Substance Control

**Act (TSCA):** All components are listed on TSCA Inventory or exempted from TSCA.

**SARA 302/ SARA 313:** None

**California Proposition 65:** This product does not contain chemical listed per the Safe Drinking Water and Enforcement Act of 1986.

**EU Labeling:** Xi Irritant

## Section 16: Other Information

**Respiratory Protection:** In well- ventilated areas, respiratory protection is not normally required. In confined,

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid

**Odor:** Characteristic aroma

**Specific Gravity:**  $1.049 \pm 0.025$  @ 20°C

**Refractive Index:**  $1.540 \pm 0.025$  @ 20°C

**Solubility:** Insoluble in water

**pH:** Not Available

**Flash Point:** >93°C [Closed Cup]

**Melting Point:** Not Available

**Boiling Point:** Not Available

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** >1

**Volatile %(by volume):** Less than 10%

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur. Hazardous Combustion or None known.

**Decomposition Products:**

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Accute ingestion could result in abdominal pain, nausea, vomiting and diarrhea. Medical Conditions Aggravated by Exposure: May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** LD50 (rat oral) greater than 2.5 g/kg LD50 (rat inhalation) greater than 3000 ppm.

## Section 12: Ecological Information

The ecological effects of this product have not been evaluated.

## Section 13: Disposal Considerations

Incineration or sealed containers in sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## Section 14: Transport Information

**US DOT Shipping Description:** Not available. IATA Shipping (Air): Not available.

**IMDG Shipping Description:** Not available.

## Section 15: Regulatory Information

**WHMIS (Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

**Act (TSCA):** All components are listed on TSCA Inventory or exempted from TSCA.

**EU Labeling:** Xi Irritant , R36/37/38 Irritating to respiratory system, eyes, and skin. , R43 May cause sensitization by skin contact. , S24 Avoid contact with skin. , S26 In case of contact with eyes, rinse immediately with water and seek medical advice , S28 After contact with skin, wash immediately with plenty of soap and water.

**HMIS Rating:** Health: 0

**Flammability:** 1

**Reactivity:** 0

## Section 16: Other Information

### Disclaimer

Soapgoods it's affiliates and any other officers, directors or employees, agents, third-party content providers, merchants, sponsors, licensors or the like (now referred to as Soapgoods) cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product may be used. It is the user's responsibility to ensure safe conditions for handling, storage and disposal of the product, and to assume liability for loss, injury, damage or expense due to improper use. The information in the sheet was written based on the best knowledge, and experience currently available. You expressly agree that your use of this MSDS is at your sole risk.

Soapgoods expressly disclaims all express or implied warranties or merchantability and fitness for a particular purpose, with respect to the product or information provided herein, and shall under no circumstances be liable for incidental or consequential damages.

Do not use the ingredient information and/or ingredient percentages in this MSDS as a product specification. For product specification information refer to a product specification sheet and/or a certificate of analysis.

All information appearing herein is based upon the data obtained from the manufacturer and/or recognized technical sources. While the information is believed to be accurate, Soapgoods makes no representations as to its accuracy or sufficiency. Conditions of use are beyond Soapgoods control and therefore users are responsible to verify this data under their own operating conditions to determine whether the product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance upon, information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.

Review Date: December 2015

## Safety Data Sheet

### Section 1: Identification

Trade Name and Synonyms: Pineapple Lip Balm Flavor Oil

Company: Soapgoods Inc

Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093

Phone: (404) 924-9080

E-Mail: [wecare@soapgoods.com](mailto:wecare@soapgoods.com)

Emergency Phone: Chemtrec: 1-800-424-9300

Recommended Use: Personal Care

### Section 2: Composition/Information on Ingredients

Chemical Name	CAS No.	TLV ppm	[%w/w]	LC50 ppm	LD50 g/kg
Fragrance Esters	N/A	N/A	10-20	N/A	N/A
Fragrance Aldehydes	N/A	N/A	N/A	N/A	N/A
Fragrance Alcohols	N/A	N/A	1-5	N/A	N/A

### Section 3: Hazard(s) Identification

**Routes of Entry:** Skin contact, inhalation, eye contact, ingestion  
**Acute Health Hazards**

**Skin:** May cause mild eczema or allergic erythematic if safety precautions are not followed.

**Eye:** Mild to severe corneal irritation and conjunctivitis will occur if precautions are not followed.

**Inhalation:** Exposure could cause slight lung and/or mucous membrane irritation. No adverse effects are expected if proper ventilation is used.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Chronic Health Hazards:**

**Skin:** May result in moderate edema, erythematic and possible allergic dermatitis.

**Eye:** Increase the risk of corneal and conjunctive injury.

**Inhalation:** Increase the risk of possible lung/mucous membrane irritation.

**Ingestion:** Severe adverse effects such as gastritis, kidney and liver damage, lung irritation and potential pulmonary edema and hemorrhaging may occur.

**Signs and Symptoms of Exposure:** Irritation of the respiratory system, eyes and skin. Abdominal pain, nausea, vomiting and diarrhea when large quantities are ingested.

**Medical Conditions Aggravated by Exposure:** None known.

#### **Section 4: First-Aid Measures**

**Eye Contact:** Contact with eyes can produce burning sensation. Irrigate with water immediately, continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

**Inhalation:** Remove to fresh air. Give oxygen if breathing is labored and seek medical advice. Avoid casual breathing. Signs of over exposure are dizziness and nausea.

**Ingestion:** Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce vomiting. Never-give anything by mouth if victim is unconscious, is rapidly-losing or is convulsing.

**Skin Contact:** Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing. Wash with soap and plenty of water. Seek medical attention if irritation persists.

#### **Section 5: Fire-Fighting Measures**

**Flammable Limits:** This item is not combustible under WHMIS regulations but store sealed and away from all heat and ignition sources. Extinguishing media: Carbon Dioxide, dry chemical or foam. DO NOT use direct water jet on burning material.

**Special Procedures:** Determine the need to evacuate or isolate the area according to your local emergency plan.

**Unusual Firefighting Hazards:** None identified.

**Protective Equipment:** Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving essential oils or chemicals.

**Combustion Product:** Carbon Monoxide, Carbon Dioxide

#### **Section 6: Accidental Release Measures**

**Safety Precautions:** Eliminate all ignition sources. Ventilate area. Determine the need to evacuate or isolate the area according to your local emergency plan.

**Environmental Precautions:** Keep away from drains, surface and ground water. Report spills to appropriate authorities if required.

**Methods For Cleaning Up:** Contain and collect with inert absorbent material and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

#### **Section 7: Handling and Storage**

**Handling:** Avoid inhalation and contact with skin and eyes. Contaminated clothing and shoes should be

cleaned before re-use.

**Storage:** Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light. Keep from extreme heat and from freezing conditions and away from all sources of ignition.

## Section 8: Exposure Controls/Personal Protection

**Eyes Protection:** The use of safety glasses is recommended in industrial applications.

**Respiratory Protection:** In well- ventilated areas, respiratory protection is not normally required.

**Protective Gloves:** Using chemical resistant gloves is recommended for industrial use.

**Protective Clothing:** Using chemical resistant clothing is recommended.

**Protective Equipment:** An eyewash fountain and / or safety shower should be available in the work area. Acceptable industrial hygiene practices should be maintained.

## Section 9: Physical and Chemical Properties

**Appearance:** Clear liquid

**Odor/Taste Characteristic:** aroma

**Specific Gravity:** 1.000 — 2.000 @ 25°C

**Refractive Index:** 1.369 — 1.569 @ 20°C

**Solubility:** Insoluble in water

**pH:** Not Available

**Flash Point:** >93°C [Closed Cup]

**Melting Point:** Not Available

**Boiling Point:** Not Available

**Vapor Pressure:** Not Available

**Vapor Density (air= 1):** Not Available

## Section 10: Stability and Reactivity

**Stability:** Chemically stable, non hazardous material. Will not react violently with water. This material presents no significant reactivity hazard.

**Conditions to Avoid:** Avoid sparks, flame and excessive heat.

**Materials to Avoid:** Strong oxidizing agents and acids.

**Flammability:** Combustible liquid.

**Hazardous Polymerization:** Will not occur.

**Hazardous Combustion or Decomposition Products:**None known.

## Section 11: Toxicological Information

**Inhalation:** Inhalation of high concentrations of vapor may result in irritation of eyes, nose and throat, headache, nausea, and dizziness.

**Skin Contact:** May cause mild eczema or allergic erythema if safety precautions are not followed. Adverse skin effects should be prevented by normal care and personal hygiene.

**Eye Contact:** May irritate eyes.

**Ingestion:** Acute or chronic ingestion should not occur. Acute ingestion could result in abdominal pain, nausea, vomiting and diarrhea.

**Medical Conditions Aggravated by Exposure:** May aggravate dermatitis, psoriasis and other skin conditions.

**Chronic Toxicity:** No known sensitizers are used.

**Carcinogenicity Data:** None of the components of this material are listed as a carcinogen.

**Reproductive Toxicity:** No adverse effects on reproduction are known.

**Acute Toxicity Values:** LD50 (rat oral) greater than 2.5 g/kg LD50 (rat inhalation) greater than 3000 ppm.

## **Section 12: Ecological Information**

The ecological effects of this product have not been evaluated.

## **Section 13: Disposal Considerations**

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance.

## **Section 14: Transport Information**

**US DOT Shipping Description:** Not available.

**IATA Shipping (Air):** Not available.

**IMDG Shipping Description:** Not available.

## **Section 15: Regulatory Information**

**WHMIS (Canada):** Class B3 — Combustible liquid with flash point greater than 93.3°C (200°F).

**HMIS (USA):** Health Hazard — 0 Fire Hazard — 1 Reactivity — 0

**Act (TSCA):** All components are listed on TSCA Inventory or exempted from TSCA and Enforcement Act of 1986. EU Labeling: Xi Irritant, R36/37/38 Irritating to respiratory system, eyes, and skin. , R43 May cause sensitization by skin contact. , S24 Avoid contact with skin. , S26 In case of contact with eyes, rinse immediately with water and seek medical advice , S28 After contact with skin, wash immediately with plenty of soap and water.

**HMIS Rating:** Health: 0

**Flammability:** 1

**Reactivity:** 0
