

Safety Data Sheet

Section 1: Identification

Trade Name and Synonyms: Kaolin White
Company: Soapgoods Inc
Address: 1824 Willow Trail Pkwy, Ste 200. Norcross. GA 30093
Phone: (404) 924-9080
E-Mail: wecare@soapgoods.com
Emergency Phone: Chemtrec: 1-800-424-9300
Recommended Use: Personal Care

Section 2: Composition/Information on Ingredients

Ingredients	Wt. %	CAS #	OSHA PEL*	ACGIH TLV*
Kaolin — $Al_2Si_2O_5(OH)_4$	>99%	1332-58-7	5 mg/m ³ 15 mg/m ³ Total	2 mg/m ³ Resp
Water	<1%	-	-	-

*Unless otherwise noted, all PEL and TLV values are reported as 8 hour time weighed averages (TWA)

INCI Name: Kaolin
CAS #: 1332-58-7
County of Origin: USA

Section 3: Hazard(s) Identification

Appearance: White Powder:

Primary route of Entry: Skin contact, skin absorption,

Eye Contact:, ingestion

Hazard Classification: None

Target Organs: Eye, skin and lungs

Medical condition aggravated by Exposure: Skin contact may aggravate existing dermatitis. Breathing excessive quantities of Kaolin dust may aggravate pre-existing respiratory conditions. Potential Health Effects

Eye Contact: This product may produce irritation upon contact with eye. Skin Contact Prolonged and repeated exposure may cause skin irritation. Kaolin is not expected to be absorbed through the skin in harmful amounts or to produce an allergic skin reaction. Ingestion No adverse effect is expected. If ingested seek medical advice Inhalation Inhalation of excessive quantities of Kaolin dust may irritate the respiratory tract. Prolonged exposure to irrespirable Kaolin dust without use of appropriate equipment could adversely affect respiratory function including fibrogenic response.

Sub-chronic, Chronic: None expected. No applicable information was found concerning any potential health effects resulting from sub-chronic or chronic exposure to Kaolin.

Section 4: First-Aid Measures

Eye Contact: Contact with eyes can produce burning sensation. Flush with water immediately; continue flushing eyes with water for 15 minutes. Seek medical attention if irritation persists.

Inhalation: Remove to fresh air. Give oxygen if breathing is labored and seek medical advice. Avoid casual breathing. If excessive exposure by inhalation, the use of "NIOSH" approved respiratory protection normally required.

Ingestion: Rinse mouth; dilute with milk or water and consult a physician immediately. Do not induce vomiting. Never-give anything by mouth if victim is unconscious, is rapidly losing or is Convulsing.

Skin contact: Skin contact can produce irritation, or itching of the skin. Remove contaminated clothing Wash with soap and plenty of water. Seek medical attention if irritation persists.

Section 5: Fire-Fighting Measures

Flash point: Not Applicable

Explosion data: Not explosive

Extinguishing media: None

Special Procedures: N/A

Unusual Firefighting Hazards: None identified.

Protective Equipment: Self-contained breathing apparatus and protective clothing

Combustion Product: N/A

Section 6: Accidental Release Measures

Personal Precautions: Use of proper respirator or breathing apparatus is recommended for any major chemical spill.

Safety Precautions: Minimize dust generation & accumulation

Spills: Spill may cause slippery conditions when wet. Care should be exercised when walk on floor. No neutralizing chemical is required.

Material is inert and non-reactive. *****

Methods For Cleaning Up: Contain and collect and place in suitable container for disposal. Comply with all federal, state, and local regulation. Wipe small spills with cloth. Clean with hot water and detergent.

Section 7: Handling and Storage

Handling: Avoid inhalation and contact with skin and eyes. Good personal hygiene practices should be used.

Storage: Containers should be kept closed in order to minimize contamination. Store in a cool, dry, well ventilated place protected from light.

Section 8: Exposure Controls/Personal Protection

Eyes Protection: The use of safety glasses is recommended. If a material is to be handled in a manner where splashing may occur, the use of splash goggles or face shield is recommended

Respiratory Protection: In well- ventilated areas, respiratory protection is not normally required. In confined, poorly ventilated areas the use of "NIOSH" approved respiratory protection normally required (use only if trained in proper use and with acceptable oxygen level).

Protective Gloves: Using chemical resistant gloves is recommended.

Protective Clothing: Using chemical resistant clothing is recommended.

Protective Equipment: Standard and acceptable industrial hygiene practices should be maintained.

Section 9: Physical and Chemical Properties

Appearance: White Solid Powder

Odor: Odorless

Refractive Index: N/A

Solubility: Insoluble in water

Specific Gravity: ~2.6

Flash point: N/A

Melting Point: >1500 °C

Boiling Point: Not Available

Section 10: Stability and Reactivity

Stability: Chemically stable. This material presents no significant reactivity hazard.

Conditions to Avoid: None

Materials to Avoid: Strong oxidizing agents.

Flammability: None

Hazardous Polymerization: Will not occur. Hazardous Combustion or None known.

Decomposition Products: No hazardous decomposition

Section 11: Toxicological Information

Inhalation: Inhalation of high concentrations of dust may result in asthmatic and respiratory conditions

Skin contact: Repeated or prolonged contact can cause redness, irritation and scaling of skin (Dermatitis).

Adverse skin effects should be prevented by normal care and personal hygiene

Eye Contact: May irritate eyes.

Ingestion: No adverse effect expected when ingested

Medical Conditions Aggravated by Exposure: May aggravate dermatitis, psoriasis and other skin conditions.

Chronic Toxicity: None expected. No applicable information was found concerning any potential health effects resulting from sub-chronic or chronic exposure to Kaolin.

Carcinogenicity Data: None of the components of this material are listed as a carcinogen.

Reproductive Toxicity: No adverse effects on reproduction are known.

Acute Toxicity Values: No data is currently available.

Section 12: Ecological Information

Very toxic to aquatic organism may cause long-term adverse effects in the aquatic environment. Avoid any pollution of ground, surface or underground water.

Section 13: Disposal Considerations

Incineration or sanitary landfill in accordance with local, provincial and federal regulations. Check with disposal expert to insure compliance

EPA Waste Number: Under RCRA (40CFR261) Kaolin is non-hazardous waste.

Section 14: Transport Information

US DOT Shipping Description: Not Regulated, Check appropriate authority

IATA Shipping (Air): Check appropriate authority

IMDG Shipping Description: Check appropriate authority

Section 15: Regulatory Information

WHMIS (Canada): N/A

HMIS (USA): Health Hazard —1; Fire Hazard — 0; Reactivity — 0

SARA Title III Section 302 This material does not contain extremely hazardous substances subject to reporting requirements of section 302.

California Proposition 65: This product may contain extremely small amounts of one or more naturally occurring materials known to the state of California to cause cancer, birth defects or other reproductive harm.

EU Classes and Risk Phrases for reference: No information is available

Section 16: Other Information

Disclaimer

Soapgoods it's affiliates and any other officers, directors or employees, agents, third-party content providers, merchants, sponsors, licensors or the like (now referred to as Soapgoods) cannot anticipate all conditions under which this information and its product, or the products of other manufacturers in combination with its product may be used.
